### Neighborhood Walk

#### **Vocabulary:**

- **universal design:** *Space that is usable to the greatest extent possible by everyone. Ideas, plans, and designs that produce buildings, products, and environments that are accessible to older people, people without disabilities, and people with disabilities.*
- **accessible:** *able to be reached or entered*

<b>Location</b> (school, bodega, bus stop, etc.)	<b>Thumbnail Sketch</b>	<b>Observations about accessibility</b>
<i>Use detailed language to describe the area.</i>		<i>Consider: Who can use this space and how easily? Who could not use this space?</i>

<b>Location</b> (school, bodega, bus stop, etc.)	<b>Thumbnail Sketch</b>	<b>Observations about accessibility</b>

Location (school, bodega, bus stop, etc.)	Thumbnail Sketch	Observations about accessibility

Were all of your locations accessible? Were they universally designed? If yes, describe how. If no, what are some possible solutions? Use an extra sheet or a journal if needed.

Do you think about accessibility much? Consider the reason for your answer.
